Description

This chair is one of the most comfortable wooden chairs in our range. It combines great comfort with stackability, durability, and style. The beech laminate frame is very strong, yet stylish. The waterfall front and curved back make it a hit with various shapes and sizes of user. It is UK assembled, and has the unique feature of being little heavier with arms, than without. Armchairs will also stack happily with each other. It remains very popular, with many different scenarios being catered for by this great all-rounder.
