Description

The Melbourne UK-made high back chair is designed and manufactured specifically for the care market and perfect for the lounge. The rear leg is integral, meaning it is one piece of beech from the floor to the top of the chair for a much stronger and more durable piece of furniture. With comfort at the forefront of the market, the back cushions are supported by stretch-woven elasticated webbing, while the seats are supported by premium woven seat webbing.

The Melbourne armchair is also available in versions with wings, low back, or as a 2-seater settee, while we also offer matching side furniture including coffee tables, lamp tables and foot stools.

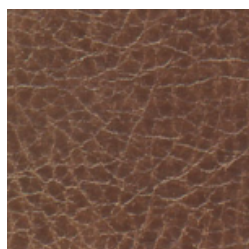

Hardwood beech frames are assembled with double glued and screwed joints for the utmost in build quality, and are fully covered by the 5 year guarantee.

An interliner can often be added between the seat foam and the upholstery for additional protection against leaks and spills.
