PRODUCT NUMBER: SHOT

# Manual Overbed Table

**From:** £67

| Quantity | Price |
|---|---|
| - | £0 |

## Description

This manually operated over-bed table for care home bedrooms is easily slid under a bed with a slim profile frame on castors to provide a table for a bed bound resident. The table is height adjustable between 675mm and 1000mm, while the top can also be flat or tilted upright towards the user, allowing for both dining and a place to rest books. The screw handles are easily tightened to secure the table top in place at the desired angle and height.

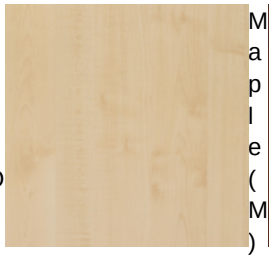

Select from a range of hygienic melamine wood-effect finishes to match in with any of our full bedroom furniture packages.
