Description

The Basel round side table is compact and yet a practical height. Placed next to an armchair, it restricts the need to bend right forward for a typical coffee table. Designed and manufactured for contract use, it remains both durable but light enough to move easily. Select from a range of wood finishes to match our range of lounge seating. Choose from either a 500mm or 600mm diameter top.

The Basel range also includes a square version of this same table, an oval coffee table, and a half-moon hall table.
