Quantity	Price
1 - 9	£247
10 - 19	£233
20 -	£221

Description

Our most popular wing chair is now available from stock for delivery within 5 working days. In a highly practical, hard-wearing vinyl, these chairs in Colour Heaven Delft Blue vinyl provide excellent value and comfort. With contrast piping in a light grey, both colours are stain resistant, Crib 5 and anti-microbial, and so suitable for all care settings.

The Preston high back armchair with wings is our most popular chair for care and residential homes, combining a more modern style with exceptional comfort and great value. This comfortable classic styled wing chair is among our most popular chairs given its design and affordability. The rear leg is one continuous piece from the floor to the top of the back, adding to the overall strength and durability of the chair. Where rear legs are screwed on, a weak point is created right where the chair needs the most strength.
The hardwood beech frame features glued screwed and doweled joints for superior strength and durability, and is finished with Hygienilac wood lacquer to kill bacteria. These chairs are held in stock with a Light Oak frame, and Prism Salerno (blue) Crib 5, anti-microbial faux leather.

A selection of vinyls and waterproof fabrics are available for selection - we always recommend obtaining sample pieces of fabrics to check for colour scheme arrangements. Can't find what you're looking for? Click here or contact the office to discuss alternatives.

This chair is usually available for delivery within 2 weeks, subject to stock. Please double check the current stock level with the office before ordering.
