Description

The CR5 Carver Chair with Skid Base is one of our most popular and high value dining chairs for care homes with exceptional value. The UK made hardwood beech frame is finished in one of numerous alternative wood shades, while the expansive fabric/vinyl offering provides low maintenance, wipe-clean, waterproof and stain resistant finishes. The skid base ensures ease for residents to help themselves or be helped to the table.

This carver chair is also popular in NHS reception and waiting areas, and day centres where it makes for an ideal activity chair. The chair can also be supplied without arms if required.

It is increasingly popular for dining chairs to feature contrasting seats and backs, which can often be done at no additional cost depending on the finishes required. Please contact the office to discuss these options.
