Description

The Coventry combination wardrobe is one of our best value items and extremely suitable for care home use. Designed and manufactured primarily for care home use, the Coventry collection features softly rounded corners as standard, to help avoid injury from falls or trips. A 15mm melamine back board adds to the stability of the furniture allowing it to be used for support without bowing or leaning. Use of quality metal fixings alongside glued, dowelled and screwed joints, this wardrobe is built to last and delivered fully assembled unless required otherwise. The drawers have metal slides with easy glide roller runners, constructed with 15mm solid drawer bases and back rails, with solid metal handles. The hinges on the cupboards are 170º metal. The interior of the wardrobe is fitted with strong durable hanging rails, with shelving and half-and-half options available.
