Description

The Lancaster high back wing chair is a higher backed version of our very popular Preston wing chair. This comfortable classic styled wing chair provides great back support and is ideal for the taller resident, or for a grander feeling piece of furniture. The rear leg is one continuous piece from the floor to the top of the back, adding to the overall strength and durability of the chair. The hardwood beech frame features glued screwed and dowelled joints for superior strength and durability, and is finished with Hygienilac wood lacquer to kill bacteria. Select from a range of wood colours, with bespoke options available on request (minimum spend may apply).

A selection of vinyls and waterproof fabrics are available for selection - we always recommend obtaining sample pieces of fabrics to check for colour scheme arrangements. Can't find what you're looking for? Click here or contact the office to discuss alternatives.

This chair is made to order, with a lead time of approximately 4-6 weeks.

5 year guarantee on frame and springs!
