Description

The Coventry 5-drawer wide chest is designed and manufactured primarily for care home use. 15mm thick solid drawer bases and metal drawer boxes ensure that the drawers will not bow when filled, while easy glide rollers ensure smooth opening and closing. The 15mm melamine back boards create a very stable piece of furniture, with softly rounded corners to help avoid injury from falls. These chests are glued, dowelled and screwed with metal KD fixings, and delivered fully assembled unless otherwise required.

Available in a choice of wood effect finishes, the Coventry collection includes all other items of bedroom furniture, including bedside tables, wardrobes, dressing table and additional storage boxes.
